

Animal Rescue

Helping Paw Program

Join!

Avon Animal Hospital lends a helping paw to our local shelters and rescue organizations. If you are one of these organizations, we encourage you to sign up for our animal rescue program, Helping Paws. Our program provides quality preventive and medical care to pets before they've found their forever homes. To sign up, contact Avon Animal Hospital, 798-4633.

For Your Organization

All rescue and shelter organizations qualifying for our Helping Paw Program will receive:

- 🐾 25% off all services and prescribed medications
- 🐾 15% off all over-the-counter preventatives
- 🐾 \$15 micro-chipping
- 🐾 Free wellness exam with visit
- 🐾 \$20 account credit for every adopted pet that returns to Avon Animal Hospital

For The Forever Families

When one of your rescues visits Avon Animal Hospital, the pet will receive a health record including a letter to be passed on to the new adoptive family inviting them to continue their pet's care at Avon Animal Hospital. The letter will offer a complimentary "rescue pack", filled with health information, toys and treats, as well as a 15% discount off the pet's first visit with their new owners. We'll also tell them by returning to Avon Animal Hospital, your rescue organization will receive a \$20 credit towards services and products for future adoptables.
